

CST OF AMERICA, INC.
END USER LICENSE AGREEMENT
EFFECTIVE DATE: JANUARY 2005

THE TERMS AND CONDITIONS SET FORTH HEREIN APPLY ONLY TO LICENSES OF THE SOFTWARE THAT WERE ACQUIRED FROM A LICENSOR IN THE UNITED STATES OR CANADA. IN ALL OTHER CASES PLEASE REFER TO OUR WEBSITE AT WWW.CST.COM (CORPORATE -> GENERAL TERMS) FOR THE APPROPRIATE LICENSE TERMS UNLESS OTHERWISE INDICATED IN THE APPLICABLE PRICE QUOTATION OR INVOICE.

READ THIS LICENSE AGREEMENT CAREFULLY. IT SETS FORTH THE TERMS AND CONDITIONS ON WHICH CST OF AMERICA, INC. OR THE AUTHORIZED RESELLER OR AFFILIATE THEREOF FROM WHICH YOU PURCHASED THIS LICENSE ("LICENSOR") IS WILLING TO LICENSE THIS SOFTWARE ("SOFTWARE") TO YOU, THE CUSTOMER (ANY SUCH USER OR CUSTOMER, "YOU").

BY INSTALLING AND/OR USING THE SOFTWARE, YOU BECOME BOUND BY THE TERMS AND CONDITIONS OF THIS AGREEMENT.

IF YOU DO NOT ACCEPT THIS LICENSE, LICENSOR IS UNWILLING TO LICENSE THIS SOFTWARE TO YOU. IN THIS CASE YOU ARE NOT AUTHORIZED TO INSTALL OR USE THIS SOFTWARE AND MUST PROMPTLY RETURN IT TO LICENSOR OR ITS DISTRIBUTOR FOR CREDIT OR REFUND, AS APPLICABLE.

1. **Types of Available Licenses.** When you purchase a license to use the Software, you make six choices: (a) whether the license will be a **Single Seat (Node Locked)** or a **Network** license, (b) whether it will be a **Perpetual** or a **Limited Term** license, (c) the number of **Full Processes** you need; (d) the number of additional **Front Ends**, if any, you wish to license, (e) the number and type of **Solver Module** you need and (f) whether you wish to license any **Optional Features**. A description of each of these terms appears below. Your choices will be indicated in the invoice sent to you in connection with your acquisition of the license (the "Invoice"), which shall be binding and definitive with respect to the type of license you have purchased.

"Single Seat (Node Locked)": if you have a Single Seat (Node Locked) license, you may only have the Software installed and available for use on one personal computer (PC) at a time.

"Network": If you have a Network license, then you may install and use the Software on a PC that serves as a server for your local area network (LAN) and use the Software on the client PCs in your LAN, provided that your LAN does not extend beyond a single building or group of neighboring buildings, and in no event encompasses a geographic area greater than one square mile. Network licenses that permit use beyond a LAN are also available from Licensor. The scope of such Network licenses must be separately agreed to in writing between you and Licensor.

"Perpetual": A Perpetual license will remain in effect indefinitely unless terminated as provided herein.

"Limited Term ": A Limited Term license will remain in effect only for such period as is stated in the Invoice or, if no such period is stated, for a period of 12 months. Unless otherwise stated in the Invoice, your Limited Term license shall begin upon delivery to you of the Software and accompanying program key, or, if an evaluation period has been previously agreed upon, then upon the business day immediately following the termination of such evaluation period. Unless otherwise indicated in the Invoice, there shall not be any automatic renewal of your Limited Term license.

"Front End": A Front End is a data entry window that is used to enter data and to display results.

"Full Process": A Full Process is a package that includes one Front End and the number of Solver Modules indicated in the Invoice. The Front End included in a Full Process cannot be used while the Solver Module runs, so if you wish to enter data or display results while the Solver Module is running you will need to license an additional Front End.

"Solver Module": A Solver Module is the part of the Software that processes the data entered through the Front End. The Software is available with a variety of different Solver Modules. The type you have chosen is indicated on the Invoice.

"Optional Features": Optional Features are additional features of the Software that Licensor makes available at its discretion. Any Optional Features that you have ordered are indicated on the Invoice. Optional Features may be restricted to a number of concurrent Users as specified in the invoice.

2. **Grant of License.** Subject to the terms of this license and your payment of all sums owed to Licensor for the Software, Licensor grants you a non-exclusive, non-transferable license to use a single object code copy of the Software for your internal business purposes (the "License"). Licensor also grants you a non-exclusive, non-transferable license to use the accompanying Software documentation, which may be in hard copy or electronic form at Licensor's sole discretion (the "Documentation"), in connection with your use of the Software.

3. **Restrictions On License.** The License, as further defined in the Invoice, is subject to the terms and conditions set forth above with respect to Single Seat (Node Locked), Network, Perpetual and Limited Term Licenses and Optional Features (if any) as applicable, and is restricted to the applicable number of Front Ends and number and type of Solver Modules and Optional Features (if any). The License is also subject to the additional restrictions set forth in this paragraph. You may only use the Software following your receipt and use of the authorized digital program key and, if

applicable, dongle, as described in further detail in Section 6, associated with your copy of the Software. You may NOT: (i) make any copies of all or any part of the Software or otherwise reproduce the Software except for one archival copy (which you must destroy upon termination of the License as provided in Section 5) ; (ii) copy or modify all or any part of the Documentation or distribute it to third parties; (iii) use the Software in connection with a service-bureau, time sharing or fee-for-service arrangement with third parties; (iv) decompile, disassemble, reverse engineer or otherwise discover the source code for the Software, or attempt to disable or defeat any locking mechanism within the Software; (v) modify the Software, incorporate the Software in whole or in part in any other product or create derivative works based on all or any part of the Software; (vi) remove any copyright, trademark, proprietary rights, disclaimer or warning notice included on or embedded in any part of the Software; (vii) port the Software to other platforms or translate it into another computer language; or (viii) export the Software or use the Software in any country other than that in which it was obtained. You acknowledge that the Software is subject to United States export laws and regulations and you shall comply with all such laws and regulations in your use of the Software.

4. Ownership; Non-Disclosure. Licensor and its licensors own and will retain all right, title and interest, including without limitation all copyright, trademark, trade secret, patent and other proprietary rights, in and to the Software and the Documentation (the "Proprietary Materials"). You shall keep confidential and not disclose, sell, lease, transfer, sublicense, dispose of, or otherwise make available the Proprietary Materials or any portion thereof, in source code, object code or any other form, to any third party other than your employees who need access to the Proprietary Materials in order to exercise your license rights granted herein. You agree that dissemination of the Proprietary Materials in breach of this agreement would cause irreparable harm to Licensor and its licensors for which monetary compensation alone would be inadequate, and Licensor and/or such licensors are entitled to injunctive relief prohibiting any such dissemination without the necessity of posting bond, in addition to monetary damages and all other remedies available at law or in equity. This license is not a sale of the Proprietary Materials or any copy of them. You obtain only such rights as are provided in this License.

5. Termination. If this License is a Limited Term License, it will terminate automatically at the end of the period during which it is in effect. This License (regardless of whether it is Perpetual or Limited Term) will also terminate automatically if you fail to comply with any term or condition hereof. You may also terminate this License voluntarily by destroying the Proprietary Materials or returning them to Licensor. Upon the termination of this License for any reason, you will promptly return to Licensor or destroy all copies of the Proprietary Materials and, if requested by Licensor, certify such return or destruction in writing to Licensor. Sections 3, 4, 9, 10, 14, 16 and 17 shall survive any termination of this License.

6. Program Key and Dongle. Use of the Software requires a current program key and (unless otherwise agreed)

a dongle, both of which Licensor will provide to you after your acceptance of this License. In the case of a Single Seat (Node Locked) License the dongle must be installed in the PC on which the Software is to be used, and in the case of a Network License it must be installed in the computer that is acting as the server for the Software. All program keys provided by Licensor (regardless of whether you have a Limited Term License or Perpetual License) will be valid only for a limited period of time. Licensor will continue to provide you with current program keys for so long as this License remains in effect. Licensor will not replace lost (including through theft) or damaged dongles. Licensor will replace malfunctioning dongles, but if such malfunction occurs after the 30-day limited warranty period described in Section 8, Licensor shall have the right to charge you for expenses incurred in replacing a malfunctioning dongle. Upon mutual agreement the program key can be bound to a Host ID of one of your computers instead of a dongle.

7. Your Responsibilities. You are responsible for the supervision, management and control of the use of the Software, and output thereof, including, but not limited to: (a) selection of the Software to achieve your intended results; (b) selection of other Software and hardware used in connection with the Software; (c) determining the appropriate uses of the Software in your business; (d) establishing adequate independent procedures for testing the accuracy and effectiveness of the Software; and (e) establishing adequate backup to obtain accurate data and prevent the loss of data in the event of a malfunction of the Software. You are responsible for thoroughly and independently testing any new development designed, in whole or in part, using results you obtain from using the Software. You should not rely on any such results unless you have determined their accuracy through thorough and independent testing.

8. LIMITED WARRANTY. Licensor warrants that, for a period of 90 days from delivery of the Software, the Software will conform to the specifications set forth in the Documentation. IN THE EVENT YOU DISCOVER THAT THE SOFTWARE FAILS TO CONFORM WITH THE FOREGOING WARRANTY DURING SUCH 90 DAY PERIOD, YOU SHALL PROMPTLY NOTIFY LICENSOR AND PROVIDE LICENSOR WITH ALL AVAILABLE INFORMATION IN WRITTEN OR ELECTRONIC FORM SO THAT LICENSOR CAN VERIFY SUCH NON-CONFORMANCE, AND YOUR SOLE REMEDY AND LICENSOR'S SOLE OBLIGATION SHALL BE TO REPAIR OR REPLACE THE SOFTWARE IN ORDER TO CORRECT SUCH NON-CONFORMANCE, OR, IN LICENSOR'S DISCRETION, TO PROVIDE A REFUND AS SET FORTH BELOW. The methods and techniques utilized by Licensor to correct errors shall be at the discretion of Licensor. If, in Licensor's opinion, repair or replacement of the Software is not commercially reasonable, Licensor will accept return of the Software and Documentation from you and refund any fees paid for the Software, at which time this License shall terminate. Licensor shall have no obligation under the foregoing warranty if: (a) the Software is modified, altered or damaged by any party other than Licensor, to the extent the non-conformance is due to such modification, alteration or damage; (b) the Software is combined with other products, processes or materials not provided by Licensor to

the extent the non-conformance relates to such combination; (c) the non-conformance is a result of your negligence, abuse or misapplication of the Software, use of the Software other than as specified in this License or the Documentation, use of a version of the Software other than the most current version, or other causes not inherent in the Software; or (d) the non-conformance arises from any third party software included in the Software. Neither Licensor nor its licensors make any warranties with respect to third party software included in the Software.

THE EXPRESS WARRANTY SET FORTH IN THIS SECTION 8 IS THE ONLY WARRANTY GIVEN BY LICENSOR OR ITS LICENSORS WITH RESPECT TO THE SOFTWARE; LICENSOR AND ITS LICENSORS MAKE NO OTHER WARRANTIES, EXPRESS, IMPLIED OR ARISING BY CUSTOM OR TRADE USAGE, AND SPECIFICALLY DISCLAIM THE IMPLIED WARRANTIES OF NONINFRINGEMENT, MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE. SAID EXPRESS WARRANTY SHALL NOT BE ENLARGED OR OTHERWISE AFFECTED BY LICENSOR'S RENDERING OF TECHNICAL OR OTHER ADVICE OR SERVICE IN CONNECTION WITH THE PRODUCT OR THE SOFTWARE. LICENSOR SHALL NOT BE HELD RESPONSIBLE FOR THE PERFORMANCE OF OR OUTPUT OBTAINED FROM THE SOFTWARE NOR FOR ANY LIABILITY TO ANY PARTY ARISING OUT OF USE THEREOF OR USE OF ITEMS DESIGNED WITH THE SOFTWARE.

9. EXCLUSION OF CERTAIN DAMAGES. TO THE MAXIMUM EXTENT PERMITTED BY LAW, LICENSOR AND ITS LICENSORS EXCLUDE ALL LIABILITY FOR SPECIAL, INCIDENTAL, INDIRECT, EXEMPLARY, PUNITIVE, CONSEQUENTIAL OR ANALOGOUS DAMAGES (INCLUDING, WITHOUT LIMITATION, ANY DAMAGES RESULTING FROM LOSS OF USE, LOSS OF DATA, LOSS OF PROFITS, LOSS OF GOODWILL, OR LOSS OF BUSINESS) ARISING OUT OF OR IN CONNECTION WITH THE PERFORMANCE OF THE SOFTWARE, WHETHER SUCH LIABILITY ARISES UNDER CONTRACT, TORT (INCLUDING BY NEGLIGENCE) OR STRICT LIABILITY, AND WHETHER LICENSOR OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

10. Limitation Of Aggregate Damages. The aggregate liability of Licensor and its licensors in connection with the License and/or the use of the Software shall not exceed the amounts that you have paid Licensor or its authorized distributor hereunder, whether such liability arises by contract, tort (including negligence) or strict liability. An essential purpose of the limitation on damages provided in this paragraph is the allocation of risks between you and Licensor, and you acknowledge that Licensor and its licensors would not have been willing to license the Software to you in the absence of this limitation and the exclusion set forth in the paragraph above.

11. Intellectual Property Infringement. LICENSOR will defend and/or settle, at its option, any third party claim made against you alleging that your use of the Software or

documentation in accordance with this License infringes the registered U.S. patent or copyright of a third party, provided that you provide Licensor with prompt notice of the claim and sole control of its defense and settlement and that you cooperate fully with Licensor in such defense. Licensor shall pay any damages, settlement amounts and reasonable attorneys' fees incurred by you in connection with such claim.

In addition to the obligations set forth above, in the event of any intellectual property infringement claim involving the Software, Licensor reserves the right to (i) modify the Software to render it non-infringing; (ii) replace the Software with equivalent non-infringing software; or (iii) in the event that neither of the preceding alternatives are commercially practicable, to terminate this License and refund an amount equivalent to the fees you paid for the Software depreciated on a three-year straight line basis.

THE REMEDIES SET FORTH IN THIS SECTION 11 ARE LICENSOR'S SOLE LIABILITY AND YOUR EXCLUSIVE REMEDIES IN CONNECTION WITH ANY INTELLECTUAL PROPERTY INFRINGEMENT CLAIM MADE IN CONNECTION WITH THE SOFTWARE.

12. U.S. Government End Users. This product is a "commercial component," as that term is defined in 48 C.F.R. 2.101 (Oct. 2000), consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212 (Sept. 1995). Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4 (June 1995), all U.S. government entities acquire this Software only with those rights set forth in this License.

13. Force Majeure. Licensor shall not be liable for any failure to perform hereunder to the extent that such failure arises by factors outside Licensor's reasonable control, including but not limited to acts of god, war, terrorism, natural disaster or third party communications failure.

14. Disputes. A party shall not seek relief from a court with respect to any dispute arising in connection with this License and/or its subject matter (except for any application for urgent equitable relief) unless such dispute has first been referred to voluntary mediation, and, if such mediation is not successful, has been submitted to arbitration conducted by a panel of three arbitrators sitting in Boston, Massachusetts. Each party shall choose one arbitrator and those two shall choose the third. The arbitration shall be conducted in accordance with the rules of the American Arbitration Association and the decision of the arbitrators shall be binding and enforceable in any court of competent jurisdiction. The arbitrators shall have no power to award punitive damages, any form of damages excluded by this Agreement or any damages measured other than by the actual losses suffered by the parties.

15. Assignment. You may not sell, license, sublicense, assign (including by merger or operation of law), rent, or otherwise transfer the Software or this License without the written permission of Licensor. Licensor will not unreasonably

withhold permission to transfer or assign the License to the surviving entity of any merger or change of control as long as you permanently transfer the Software (including all components and archival copies, if any) and the merger or change of control does not involve any competitor of Licensor. Any such sale, license, sublicense, assignment, rental or transfer in breach of this provision shall be void. Licensor may assign this license in its sole discretion.

16. Amendment; Waiver; Severability. No alteration, amendment, waiver, cancellation or other change to this License shall be valid or binding unless agreed in writing by both parties. No waiver by any party of a breach of any covenant or condition of this Agreement by any other party shall be construed to be a waiver of any succeeding breach of the same or any other covenant or condition. If any provision of this License, or the application thereof, shall for any reason and to any extent be determined by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions of this License shall be interpreted so as best to reasonably effect the intent of the parties. The parties further agree to replace any such invalid or unenforceable provisions with valid and enforceable provisions designed to achieve, to the extent possible, the business purposes and intent of such invalid and unenforceable provisions.

17. Choice of Law; Forum. The terms of this License shall be construed in accordance with the substantive laws of the Commonwealth of Massachusetts, without regard to its principles of conflicts of laws. Without limiting the generality of the foregoing, this License shall not be governed by the United Nations Convention on Contracts for the International Sale of Goods even if such convention would otherwise be applicable in some respect to this License of Software. Subject to the dispute resolution provisions set forth in Section 14, the state and federal courts located in Massachusetts shall have exclusive jurisdiction over any dispute arising in connection with this License or your use of or dealings with the Proprietary Materials.

18. Audit Rights. If Licensor has reasonable grounds to believe you are using the Software other than as permitted by the License, Licensor may audit you and inspect your facilities and procedures during regular business hours at your premises upon not less than 14 days' notice to verify your compliance with all terms and conditions of this License.

19. Third Party Licensors. The Software includes certain software and intellectual property licensed to Licensor by third parties ("third party licensors"). You hereby agree that Licensor's third party licensors are intended to be third party beneficiaries of this License with rights to enforce any terms herein that affect any third party licensor intellectual property, any fees or royalties owed to the third party licensor, or the liability of the third party liability. Notwithstanding the foregoing, no third party licensor shall be a party to this Agreement. You shall have no right to enforce this License against any third party licensor and you hereby waive any such right. Third party licensors are under no obligation to provide any support or maintenance services for the Software.

20. Maintenance (Support and Updates).

20.1. Entitlement to Maintenance (Support and Updates). The holder of a Limited Term License is entitled to the support and updates described in the remainder of this section (collectively, "Maintenance") during the term of such Limited Term License. The holder of a Perpetual License is entitled to Maintenance during the period indicated in the Invoice or, if no such period is indicated, the first ninety (90) days of such Perpetual License. Any support and updates for the Software thereafter must be separately purchased from Licensor, and all such support and updates, whether purchased in a transaction indicated on the Invoice or otherwise, shall be deemed to be Maintenance under, and shall be subject to the terms and conditions of, this Agreement.

20.2. Support: Licensor offers technical support for interruptions caused by program errors in the Software via e-mail, telephone and fax. Numbers and addresses for technical support inquiries are posted on Licensor's website. Technical support is available in German and English on business days (not including Saturdays) from 9 a.m. to 5 p.m. CET. No on-site services are available.

20.3. Updates. Licensor offers program updates, which shall mean maintenance releases of the Software that CST of America, Inc. has generally released to the general public. These updates do not include new functions that are separately offered by Licensor to the general public as independent modules, programs or additional options.

20.4. Maintenance Provided for Current Version Only. Licensor only offers Maintenance with respect to the most recent generally available version of the Software. If, as a result of your failure to purchase continuous Maintenance, you no longer have the most recent version of the Software, you must purchase the most recent version (through a separate transaction with Licensor) before you can resume receiving Maintenance.

20.5. No Expansion of Warranties. The provision of Maintenance by Licensor shall in no way be construed as expanding the warranties provided to you by Licensor under this License.

21. Acknowledgement; Entire Agreement. You acknowledge that you have read this License, understand it and agree to be bound by its terms and conditions. You further agree that it is the complete and exclusive statement of the license agreement between you and Licensor which supersedes any proposal, or prior agreement, oral or written, and any other communications between you and Licensor relating to the subject matter of this License (including any purchase order or other ordering document you provide to Licensor).
