

## **PRESS RELEASE**

### **CST User Group Meeting**

***November 23<sup>rd</sup> 2004, CST of America today announces 3<sup>rd</sup> North American User Group Meeting to be held April 21-22 in Monterey, CA.***

The CST user group meeting offers an informal and enlightening environment where developers and researchers using CST STUDIO software tools can exchange ideas and talk with CST staff about future developments. The event is scheduled for April 21st and 22nd and will be held at the Hyatt Regency hotel in Monterey, California. Full details can be found at [www.cst.com](http://www.cst.com).

The event is designed to showcase the very latest developments in CST STUDIO software and to encourage feedback and user participation. Presentations are invited from customers who may wish to present their latest work using STUDIO tools to a wider audience of design engineers. The program includes customer as well as corporate presentations and the featured keynote speaker is Dr. Peter Thoma, head of research and development and managing director of CST. Past meetings held in Europe & North America have attracted a wide range of talks by CST STUDIO tool users from industry and research. Customers wishing to make presentations should contact CST for more information.

#### **About CST**

CST's simulation tools help engineers achieve improved product performance and reduced time-to-market, by providing accurate 3D EM design solutions. The simulators CST MICROWAVE STUDIO®, CST DESIGN STUDIO™, CST EM STUDIO™ and MAFIA-4 have benefited from over 20 years experience in the area of numerical field calculation, and are used world-wide by market leaders such as Motorola, Nokia, Philips, Raytheon, Siemens, and Sony. A comprehensive network of distribution and support centres in Europe, the Far East and North America, ensures optimal service for every customer. More information about CST is available on the web at [www.cst.com](http://www.cst.com). CST-Computer Simulation Technology "Changing the standards for 3D EM simulation".
